

# Leading the Voice of Prevention in Australia

Child Sexual Abuse costs Australians \$1,833,321,000\* annually

\*Total real expenditure on all child protection services in Australia 2021-22

More than 1 in 3 girls experience child sexual abuse

Almost 1 in 5 boys experience child sexual abuse

We need the **implementation** of a dedicated national **Primary Prevention Plan** to **eliminate child sexual abuse**

## Eliminating Child Sexual Abuse

Protecting children is every adults responsibility

## Adult led wrap around protection at 3 levels

- System-wide integration and accountability
- Community awareness and capability
- Caregiver focused approach

## Primary Prevention

Taking a whole-of-population initiative to address the underlying drivers and aims to prevent child sexual abuse before it occurs

?

## HOW

Effort needs to be refocused on implementing universal education and prevention of child sexual abuse
